

Participant bar showing icons for SK, AA, K, MK, N, R. Below icons are names: Shishir Kumar (Host, me), Aryan Anshu, krianshika64611, md arbaz khan, nidhisharma8211, Rahul.

Q.program to print a name using pointer?

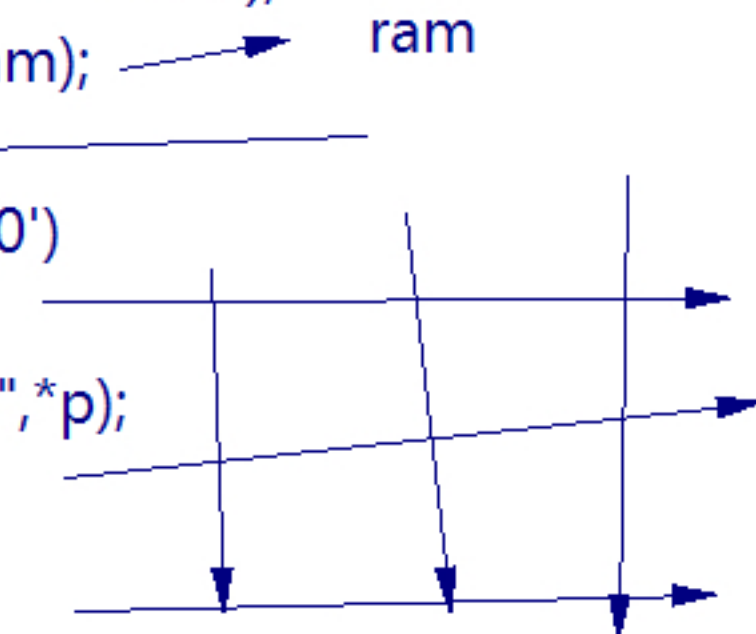

Sharing Pointer

```
int main()
{
  char nm[20];
  printf("enter name ");
  scanf("%s",nm);
  printf("%s",nm);
  getch();
  return 0;
}
```

with the help of pointer

```
.int main()
{
  char nm[20],*p;
  printf("enter name");
  scanf("%s",nm);
  p=nm;
  while(*p!='\0')
  {
    printf("%c",*p);
    p++;
  }
  getch();
  return 0;
}
```

Participants (6) list: SK Shishir Kumar (Host, me), AA Aryan Anshu, K krianshika64611, MK md arbaz khan, N nidhisharma8211. Includes search bar, mute/unmute all buttons.
